Membranske posude pod pritiskom sa sopstvenom konstrukcijom membrane, u tri oblasti primene: distribucija tečnih fluida, poljoprivreda i termotehnika. Preko 160 isporučenih uređaja je i danas u pogonu; ovo je izbor.

Membrane pressure vessels with a bladder of our own design, in three fields of application: liquid distribution, agriculture and thermal engineering. More than 160 delivered units are still in service; this is a selection.

Distribucija tečnih fluida Liquid distribution
